NATIONAL PARK SERVICE

Yosemite National Park P. O. Box 577 Yosemite, California 95389

MAR 2 2 2016

Memorandum

To:

Dianne Spriggs, EEO Program Manager, WASO

From:

Superintendent, Yosemite National Park

Subject:

Section 504 Accessibility Compliance, Yosemite National Park, North Pines

Campground, Complaint 0008-06-06

As requested in your March 8, 2006 mcmorandum, a self-evaluation of the North Pines campground was conducted. A number of non-compliance issues were documented. They include:

Public telephone lacks compliant features
Information board lacks compliant features
Restroom #0420 has non-compliant access route to and around building
Restroom #0420 has non-compliant entrance aprons
Campsites #113, #111, #109, #107, #119 lack sufficient length and compliant picnic tables

Yosemite has two (2) funded rehabilitation projects currently in the contracting/award phase to correct these non-compliant issues. These projects are scheduled to begin in spring 2006 and be completed during summer 2006.

A number of items referenced in the complaint are not Section 504 accessibility non-compliance issues. However, maintenance and repair of bolt holes in the tile floors and other mechanical and structural deficiencies are included in the above referenced rehabilitation projects.

Please feel free to contact Mr. Larry Harris, Project Management Division at (209) 379-1035 regarding this information and/or any accessibility compliance issues at Yosemite National Park.

Michael J. Tollesson
